THE BEST WAY TO GIVE

Every day, thousands of people right here in our neighborhoods are getting the support they need because of donations to United Way. The Community Fund is at the heart of our work.

You + Local Nonprofit Partners = United Community

Here's why:

You. When you give to the Community Fund, your donation is combined with thousands of other donors, funding over 220 programs that have a direct impact on the health, education, and financial stability of so many in our neighborhoods, with a strong and consistent focus on racial equity.

Local Nonprofit Partners. United Way knows the nonprofit agencies who are doing the hard work every single day, offering support to those who may be struggling. Your donation directly supports this work.

United Community. The solutions we create together go beyond short-term fixes. We are creating lasting change.

CARING POWER OF COMMUNITY

Donations to United Way's Community Fund supports medical services at Waukesha Free Clinic, where committed healthcare professionals are changing lives every single day.

Nurse Rosa Zibell, the operations coordinator for the Clinic, leads the way, offering compassionate care to every patient she sees.

"Our patients don't have insurance," said Rosa. "They face language barriers and transportation issues; they don't make enough money to live on. They've been released from jail, are experiencing homelessness, are undocumented. We are here to provide personalized case management and help them navigate these challenges."
