SUPPLY THE CYCLE

**Because there's one period
you shouldn't have to worry about in school.**

Being a teen is hard: school, friends, extra-curriculars. Now imagine that, on top of all that, you are experiencing economic insecurity—and you've started to menstruate. Worrying about having access to menstruation supplies while at school can cause stress and negatively affect attendance and academic performance. Let's eliminate this barrier to learning.

Donate menstrual products for local students.
